Due to the construction activities at Atascocita High School, teams and individuals will be required to set-up in the parking lot outside the pool. We will designate an area of the parking lot where teams can set-up. There will not be room inside the pool building to set up, and the stands will be for viewing the swim meet (no set-up in the stands). Please do not treat this as a campout area. The bleachers should be used as a rotation area for parents, et al, to watch the events and then rotate out. The other Atascocita High School buildings are off limits to swimmers and spectators. Please bring appropriate shelters, chairs, and other equipment for setting up in a parking lot.
